TO WHOM IT MAY CONCERN

Letter of recommendation for service

Please accept this letter as my highest recommendation of Nerds on Site. I have had the opportunity to work with Nerds on Site for the past 11 months and during this period they have provided us with technical expertise and level of customer service we require to plan, implement and manage the complex array of technology solutions required to run our group of entities.

Being a Nerds on Site client ensures that I have absolute peace of mind regarding the operational IT needs of the organisations within our group. The expert advice and dependable support that is offered by Nerds on Site is a major asset to us.

I believe that HECS Laboratory Services will still have a long and prosperous relationship with Nerds on Site.

Yours faithfully,

JM Pretorius
Owner/Member
